PROFILE SUMMARY

I'm a B.Tech Information Technology student at K.S. Rangasamy College of Technology, graduating in 2027. I have a good academic record and enjoy working on frontend development. I know programming languages like C, Java, and Python, and I have experience using MySQL, HTML/CSS, Figma, and Canva. I've completed certifications in MongoDB, Java, Data Structures, Python, and NPTEL's Practical Cybersecurity for Cyber Security Practitioner. I also did an internship in cybersecurity basics. I speak both Tamil and English and always bring problem-solving skills, teamwork, and a positive attitude to my work.
